# Bible Memorization Program 2010-11

## The 119th Chapter of Psalms

### Introduction

#### MEMORY PROGRAM

#### “The Word of God In My Life”

Charles Bridges in his “Expository of Psalm 119” calls it “the twenty-two pearls upon one string.” The twenty-two sections represent the corresponding letters of the Hebrew alphabet and plot a course of God’s influence upon every facet of Christian living. As you memorize this great passage, remember the words of Philip Henry to his children, one of whom was Matthew Henry, writer of the famous commentary, “Take a verse of Psalm 119 every morning to meditate upon, and so go over the Psalm twice in a year: and that will bring you to be in love with all the rest of the Scripture.” May the Word of God in our lives be magnified this year!
